

SCHEDULED FOLLOW-UP TREATMENT AND STATUS REVIEW POLICIES

The State Board shall continue to require follow-up brush control treatment, at no cost to the State, in its water supply enhancement plans.

Status Review Schedule:

Status reviews will be conducted within three to five years after initial treatment of Mesquite, Mixed Brush, Juniper or Saltcedar to determine if the canopy is above 5%. A second status review will be performed eight to nine years after initial treatment.

Policy - If the producer is found out of compliance, he/she will not be eligible for another contract for a period of ten years.

Follow-up Treatment Scheduled in Water Supply Enhancement Plan:

Mesquite, Mixed Brush, Saltcedar -	Follow-up treatment is scheduled 3 years after initial treatment if canopy is above 5%
------------------------------------	--

Juniper-	Follow-up treatment is scheduled 8 years after initial treatment if canopy is above 5%
----------	--

The Water Supply Enhancement Contract states:

(2) follow up treatment is to be carried out as specified in an eligible person's water supply enhancement plan and status reviews will be conducted
