Guidelines for FY2014 Proposal for Water Supply Enhancement Project

Project Eligibility Requirements

- Published Feasibility Study that includes a watershed-specific computer model (per §203.053 Agriculture Code) (see map below and/or TSSWCB website)
- A water conservation need documented in the State Water Plan (see TWDB website)
- Brush management identified as a Water Management Strategy in the State Water Plan (see TWDB website)
- Meet the following WSEP Goal for FY2014:
 - Primary Goal – Enhance domestic and municipal uses, including water for sustaining human life and the life of domestic animals, agricultural and industrial uses, which means processes designed to convert materials of a lower order of value into forms having greater usability, commercial value, and environmental flows.

Additional Information

- Grant funds are competitive and will be prioritized based on water need and water yield (see the TSSWCB *Policy on Allocation of Grant Funds for the WSEP* revised July 18, 2013, posted on the agency website)
- **October 18, 2013** is the deadline for submitting all FY2014 WSEP Project Applications
- A maximum of \$300,000 per year may be requested for an individual project. A two-year project period should be planned.
- Allocation amounts will be awarded based on the amount of funds that can be obligated to landowners based on the project's implementation plan
- Any letters of support for the proposed project from collaborating entities must be received by the proposal submission deadline
- A maximum of only one (1) subbasin from the Feasibility Study may be listed on each application.

Contact Information

For further information or assistance with completing a FY2014 WSEP Project Application, please contact any of the following:

- Melissa Grote: (830) 868-2506 or mgrote@tsswcb.texas.gov
- Tuffy Wood: (325) 481-0335 or twood@tsswcb.texas.gov
- Cody York: (325) 481-0335 or cody.york@hotmail.com
- Chad Gagliardi: (830) 868-2506 or chadgagliardi@gmail.com
