

TEXAS Watershed Steward

The Texas Watershed Steward program is a free, one-day educational workshop designed to help watershed residents improve and protect their water resources by getting involved in local watershed protection and management activities.

October 24 2011: 8:00am-4pm

Shangri La Nature Center
12111 West Park Avenue
Orange, TX 77632

The workshop will provide an overview of water quality and watershed management in Texas. It will primarily focus on water quality issues in the Adams and Cow Bayous Watershed as well as efforts by the Sabine River Authority, Texas Commission on Environmental Quality and area residents

to help improve water resources and the health of the surrounding watershed. For project information visit: <http://www.sra.dst.tx.us/srwmp/octmdl/default.asp>

Adams and Cow Bayous

Pre-register for the workshop by going to:
